ABOUT

We are the manufactures of Flexo Printing Machines and Rotogravure machines. Bigso Engineering was established by Mr. P. Muneeswaran on 2016 with small investment and he was very eager to get succeed. With God's Blessings he started his BIGSO Jouney by giving services on Flexo machines to meet the customer's requirement. With his dedication towards work and sincerity, he is developing BIGSO as one the fast developing company in the field of Flexo Machine manufacturing in Madurai .

Bigso Engineering is located on Madurai -Rameshwaram NH (old) , Manaloor , Sivagangai District, Tamilnadu. Its 10 kms from Madurai City and 7 kms from Thiruppuvanam, Sivagangai. We are having strong structure and Man power who are the most experienced persons in this field. We are collecting Raw materials from various places in India and most of the work can be done by using own BIGSO resources.
